MARSHALL ELLIS MISSING.

Disappeared Last Thursday Night and It Is Feared He Was Drowned.

Marshall Ellis, who has been living on what is known as the Riggs farm a short distance below Aberdeen, disappeared last Thursday night, and his family and friends fear he was run over by a boat and drowned.

A towboat passed up Thursday night, and some of her crew megaphoned to parties in the lower end of this city that they ran over a skiff a short distance below town, but it seems no attention was paid to the message.

Ellis is about fifty years of age.

THE NATIONAL FRATERNAL.

Seven-year Certificate Holders Allege Collusion and Want Receiver For Entire Fund.

Mention was made some days ago of the appointment of a receiver, at Cincinnati, for the seven-year-certificate fund of the National Fraternal Union, and that several Maysvillians are holders of these certificates. The Times-Star says a lively answer and cross-petition was filed Saturday on behalf of William Krapp, Jr., and other seven-year certificate holders. It is alleged that the union owes seven-year certificate holders about \$200,000 on certificates matured or about to mature. It is alleged that it owes members about \$7,000,000 on other classes of certificates. It is claimed that in addition to the regular assessments 180 so-called debit assessments of \$2.50 each have been levied and the right claimed to further levy until the amount paid a member on a certificate could be reduced to the amount paid by such member in cash in assessments on his certificate with 6 per cent interest. It is alleged that large amounts have been paid out of order of maturity and in preference to others having prior or equal claims. It is claimed that a pretended apportionment of funds has been made on different classes of certificates and only smaller part of assets used for seven-year certificates and that the larger part of assets has been held for the other classes. It is alleged the suit for receiver was brought by collusion and for the purpose of giving the seven-year certificate holders less than their fair share of the assets. It is alleged the receiver is not a disinterested person for he holds the office of Supreme Vice Chancellor and therefore is in a position to be hostile to the interests of the seven-year certificate holders. It is alleged the Fraternal Union is insolvent and that it has not assets sufficient to pay its matured or maturing obligations and that a receiver should be appointed for all the assets. An accounting is asked and that not only should the receiver appointed be set aside, but a new receiver appointed and that all the assets and funds be distributed for the benefit of the seven-year certificates, as well as other certificate holders.
